Letter from the Admiral

To the Class of 2018,
First I would like to say congratulations for having the tenacity to persevere through four (or, in some cases a bit more than 4) rigorous and challenging years. Congratulations, as well, for joining me and some 10,000 other alumni who, like you, chose a more difficult route on their path to the working world.

I wish to also say thank you for a job well done. You have served your academy, your shipmates and those in your charge well. You have embodied our traits of leadership and for that we are both proud and grateful.

You may not recognize the full impact of your work but you have also made a big difference in many lives beyond Taylor's Point. Collectively, you made a difference for people as far away as Haiti and Puerto Rico who benefited from your generous humanitarian efforts and closer to home you changed the lives of young people in our local neighborhoods who benefited by your volunteerism with organizations like Big Brothers & Big Sisters, the Bourne Food Pantry and the Special Olympics, to name a few. As you go through life, please continue to find time to give back - especially in support of those less fortunate.
I hope that, in the coming years, you occasionally pause to think about your days as a cadet at Massachusetts Maritime Academy, especially all of the incredible experiences you shared with each other (some of which, I'm sure, are quite unfit for print). When doing so, I hope you will agree with me that your time as a member of our Regiment of Cadets was indeed something quite extraordinary.

I truly wish each of you the very best. I look forward to hearing of your vast successes and to your frequent visits back to your alma mater.
Fair winds and following seas,
RADM Francis X. McDonald, MMA '85

From the Regimental Commander,

Class of 2018,

I'm sure that many of you began counting down the days to graduation the very moment we first stepped on campus for Orientation 2014. Well, that much anticipated day has now arrived and I do not think any of us could have predicted the impact this Academy would have on our lives. Over four years we bonded as we completed orientation, hurdled the challenges of this Academy and learned together in the classroom, on the T.S. Kennedy and as leaders in the Regiment of Cadets.

The feelings of accomplishment and relief that we now feel are well deserved and I am so proud to have had the opportunity to lead such an amazing class as Regimental Commander. Soon we will feel those same feelings of accomplishment in our respective careers and in the lives that we will make for ourselves whether sailing, working in the maritime industry or raising a family.

I have no doubt that each of you have met some of the best friends you will ever have over these past few years and together we have all made memories that will last a lifetime. Moving on will be nothing short of bittersweet but I am confident that years from now we'll look back on these times and smile about what are going to be the "good days". No one outside of our class will ever truly understand what we experienced over these past few years and that is what makes MMA so special.

I would say good luck, but I know luck has nothing to do with the success you will all find. This Academy has helped us to understand the hardwork and discipline it takes to be successful. Our chapter here has come to a close but there is no doubt that we left our mark; we were never the class to just take part - we were always here to take over.

From the SGA President,

Class of 2018,

The Student Government of the Massachusetts Maritime Academy was created over 45 years ago by the students to improve campus life. Our mission over the last 4 decades has remained the same and I am proud to have been able to continue the improvements over the past year. This year we have helped organize and support over 20 clubs and multiple club sports, including Rugby, Hockey, Fishing, Basketball, Scuba, Flag Football and Paintball to name a few. In addition to our clubs we have worked to continue traditions such as Spirit of Boston, Ring Dance, Emery Rice Day and Senior Social. We have also set up many opportunities for future traditions to take hold. The Student Government and I are encouraged about the number of students who are interested in getting involved next year. I am excited to see what they achieve and wish them the best of luck!

Over the past four years in the Student Government I have learned so much and grown tremendously as a person and I cannot thank everyone enough for helping me get to where I am today. Thank you to MMA for building me into the person I am today and for providing many opportunities like this. Thank you to Josh Tefft, for countless hours of hard work and attending our early morning meetings-we wouldn't be who we are without you. Thank you to my friends and shipmates, especially all the representatives of the Student Government, who have supported me and trusted me to be their SGA president. I would not have been able to achieve anything without the help of the entire Student Government, and I am proud of how hard they have worked. Thank you to my family for the endless support no matter how much I put them through. Congratulations to the class of 2018, we have come a long way and will go even further.

Cadet Candidates

Academy freshmen, called "Youngies" arrive at the Academy in mid-August for Orientation, a two-week military-style indoctrination program that is physically and mentally demanding. It encompasses regimental training, military drill, and physical fitness. It also serves as an introduction to shipboard/maritime safety, nomenclature, and customs. Freshmen are led by 8 orientation squad leaders and one 03 platoon leader. They participate in exercises such as fire fighting day, pond day, intramurals, cold water survival day, marching practice, and lots of studying for their youngie knowledge exam.
